## **2005 County Abstract of Assessment for Real Property, Survey**

12 Butler

---

### **Assessor Comments**

In reference to the budget. Other represents SS, insurance and retirement benefits. This is in addition to the budget figure.

The assessor and staff do all the pickup work and modeling.

Cadastral maps are now on GIS and the staff keeps them current daily. 1999 DOQQ's with 2003 FSA aerial imagery are used for the cadastral maps.

The land use is also updated with the GIS using FSA aerial imagery. It is also included with the annual improvement review rotation program established in Butler County.

Annual maintenance numbers represent parcel changes only not total parcels reviewed. Total number reviewed not available.
